Lincoln County Substance Use Coalition

The Lincoln County Substance Coalition was created in 2017 to focus on the prevention of and treatment for substance use disorders. Many community agencies, organizations and individuals came together and began planning ways to prevent, reduce and treat addiction.

Lincoln County Resource Directory

This resource directory was developed by the Treatment Linkages Committee of the Coalition to help people locate treatment and other resources for issues related to opioid and other addictions.

Addiction is a chronic disease that often kills. Through treatment people can recover.

Please use this directory to help you find the following:

- Substance use disorder treatment;
- Substance use disorder recovery housing;
- Mental health counseling;
- Hospitals, health departments , medical clinics;
- Department of Social Services;
- Transportation; and
- Veterans services.

Funding For Services

This directory does not list funding sources for each organization. Please discuss options for financial assistance and eligibility for insurance, Medicaid, Medicare, private pay or free services with each organization.

A close-up photograph of a hand holding a small white sign with blue text. The sign reads "How can I help?".

**How can
I help?**

TABLE OF CONTENTS
